## **Resinlab Announces Custom Silicone Formulation Program Powered By Dow Corning**

FOR IMMEDIATE RELEASE

GERMANTOWN, WI - March, 2014 – ResinLab LLC, a leading resin manufacturer of adhesives and encapsulants is pleased to announce the launch of their new custom silicone formulation program called Rapid Exact. Rapid Exact is a joint alliance with Dow Corning Corporation which will focus on low complexity modifications to Dow Corning Corporation products.

ResinLab has a new 107,000 sq. ft. building that it shares with its sister company KitPackers, which has been authorized repackager of Dow Corning Corporation products since 1997. This new first class facility has dedicated equipment and space for formulating and packaging of silicones.

In addition, ResinLab has an extensive analytical lab with qualified technical staff to fully support this new Rapid Exact program.

Jamie Ellsworth, Global President of ResinLab, commented, “We are excited to expand our relationship with Dow Corning Corporation. The real strength will be the ability to deliver custom silicone solutions quickly while meeting the exact customer requirements.”

If you have a need for a silicone customization, then Rapid Exact can provide you with samples and supporting documentation in very short time frames on a global basis. For more information, contact Jamie Ellsworth at 262-259-5900.

### **About ResinLab**

ResinLab is a leading resin manufacturer specializing in custom formulation of adhesives and encapsulants for electronics as well as general product assembly. ResinLab also provide toll manufacturing services, analytical testing services, as well as custom packaging. ResinLab can be contacted directly at 877-259-1669 or by visiting [www.resinlab.com](http://www.resinlab.com).
